Tulsa History

We obviously love Tulsa! Not only is it our hometown and the place where we started playing music, but it's also home to incredible history and beauty. Incorporated in 1898, Tulsa was originally part of Indian Territory settled by Creek tribes.

Over the course of Tulsa's history, it has been known as the "Oil Capitol of the World," "The Birthplace of Route 66," and called "America's Most Beautiful City" by Time Magazine in the 1950's.

One of the many things we love about Tulsa is the history of great music & musicians - from Woody Guthrie to Leon Russell.

Concert Venue

Built in 1924 The Cain's Ballroom has gone from a garage, a dime-a-dance joint and a dancing academy until it became the concert venue that it is today. Cain's Ballroom has its place in music history as the Home of Bob Wills and The Texas Playboys with the front man, Bob Wills, being known as "The King of Western Swing." Along with Bob Wills, Cain's Ballroom has a rich musical history of country & rock 'n' roll artists alike playing there.
